night and released on his own recogniz-ance to appear in the Mayor's court yes-

and with trespassing upon the premises of his aunt.

He could give no bond, and in a sympathetic strain and upon his premise to appear in court at the proper time to answer the charge, the young man was given his liberty. He did not show up, however, and it is quite safe to say that under similar circumstances in the future 'Squire Jordan's tender heart will refuse to shed its sympathetic sparks.'

MUNICIPAL CAMPAIGN.

There will be little interest in the coming councilmanic campaign, as there is no oposition to any of the candidates. The political leaders, however, are anxious that a full vote be polled, and to this end the registration books in the Third Ward will be open on Thursday and Friday, so that all who have falled to register may go so.

SATISFACTION OF CITIZENS.

Many expressions of satisfaction have been made by citizens at the action of the Ordinance Committee in disposing of the question of a telephone franchise.

Since the consolidation of the Southside and the Bell Company a number of business men and private citizens have been without telephone service, and have been unable to get such service, because the Bell Company held no franchiso and could make no connection for persons desiring their service.

Now, within the next few weeks all will be clear sailing, provided the Bell Company recures the franchise at the public auction which will be held as soon as the action of the Ordinance Committee is ratified by the City Counti.

STIREET IMPROVEMENTS.

As soon as the weather settles down the City Engineer will get active, under the direction of the Street Committee, and many needed permanent improvements will be made.

AN ACTIVE MEMBER.

It is a most notable fact that Councilman R. V. Owen, of the Third Ward, is one of the most actie and valuable members of the Council.

He has been apply active the watch and benefit of the city. He attends every important committee meeting, whether he as men for the city in Council.

Mr. Owen will be up for re-election to the Council, and has no opposition.

MR. JONES MAY RUN

Thought That He May Take a Try for Seat In the Senate.

Seat in the Senite.

Some of the friends of Congressman William A. Jones in this city express the belief that this well known Virginian, the oldest member of the State's delegation in the House of Sepresentitives, may be a candidate for the United States Senate in 1966 against Senator Martin, Mr. Jones has made no announcement on the subject so far rs. known, but some of his enthusiastic admirers unhesitating declare that he would make the strongest candidate against Senator Martin that could be put forward by the opponents of his re-election.

Mr. Jones is conceded by all to be a strong and a pure man, and has been actively identified with the movement to secure popular expression in the choice of senators. It is not believed that Mr. Jones would run if Governor Montague were a candidate, and, on the other hand, it is doubtful whether the Governor would be a candidate in the Congressman entered the race. Ex-Governor Tyler, it is said, will, in any event, be a candidate, in the primary for the senatorship in 1966, assuming, of course, that he does not reconsider and change his mind. The race may marrow down to two candidates, but the lindications now are that there may be three.

GREENSBORO, N. C., May 27.—The senior class day exercises of the commencement of the State Normal and Inn front of the main dormitory yesterday afternoon at 5 o'clock. The president of the class, Miss Mary Taylor Moore, of Mount Airy, conducted the exercises.

The peculiar feature of the occasion

was the presentation of mementoes to the lower classes from the retiring se-niors. When the class records were buried the "taps" lent a sadness to the

niors. Whyn the class records were buried the "taps" lent a sadness to the scene which impressed all and brought a realizing scene of the separation which has come to this class and its college after four years of loving mutual service. Last night six representative essays were read, and the judges, President F. K. Venable, of the State University; Rev. L. W. Crawford, and Miss Mary Applewhite, of this city, decided that Miss Annie M. Kiser, of Rowan county, was entitled to the Whitsett prize, a set of Ruskin's works.

The graduating exercises this morning atracted another large crowd. For the first time in the history of the college degrees were conferred on a class of seven young ladies—Lewis Duil, Forsyth county; Mary Callum Wiley, Forsyth county; Mary Callum Wiley, Forsyth county; Prances Winston, Franklin county; Lyda Humber, Moore county; Emma Lewis Suelght, Edgecomb county. #### PURE ELECTIONS

The Barksdale Bill Delaying the An nouncement of Candidacy.

The fact that the Barksdale elections bill, imposing a penalty upon candidates for imposing a considerable consideration to win the votes of the support of other voters, does not become effective is baving the effect of delaying announcements of candidacy until after that date in the county and in this city. If a man announces himself a candidate now for the General Assembly of for a county office, he will subject himself to appeals for employment and financial assistance by those experienced county and city men who have for years received pay for their services.

In fact, some men declare boildly that the law will have at least the good effect of preventing the "bleeding" of candidates for office by the ward and district politicians. After the 1st of July the candidate may stand the leeches of with the assurance that he can do nothing for fear of the heavy penalties imposed by the law, Th's is regarded by some as the explanation of the fact that there are but three tentative candidates for the four vacancies likely to occur in the city's delegation in the House.

STRENGTH comes from well digested and thoroughly assimilated food. Hood's Sarsaparilla tones the digestive organs, and thus builds up the strength. If you are getting "run down." begin taking Hood's at once. It gives nerve, mental and digestive strength.

She began taking Peruna, with the result that she is better now than she has been in years, and her cough has almost left her entirely. The soreness has left her lungs and she is as well as she ever was in her life, with thanks, as she says, to Peruna. Yours very truly.

T. P. MOODY.

Catarrh in its various forms is rapidly becoming a general curse. An undoubted remedy has been discovered by Dr. Hartman. This remedy has been thoroughly tested during the past forty years. Prominent men have come to know of its virtues, and are making public utterances on the subject. To save the country we must save the people. To save the people we must protect them from disease. The disease that is at once the most prevalent and stubborn of cure is catarrh.
